September 5, 2017

Dear Parent,

Our Grade 1 and Grade 2 students will take a series of tests called Measures of Academic Progress (MAP) during the weeks of September 11 – 22 for Math and ELA. We give students MAP tests to determine their instructional level and to measure academic growth throughout the school year, and from year to year in the area of Math and Reading. Your child will take the tests on a laptop.

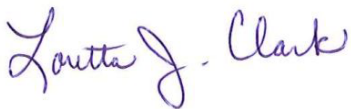

MAP tests are unique in that they adapt to be appropriate for your child's level of learning. As a result, each student has the same opportunity to succeed and maintain a positive attitude toward testing. With MAP tests, test administration uses less class time while still providing detailed, accurate information about your child's growth.

We are truly excited to offer this type of assessment that focuses on every child's individual growth and achievement. Partnering to help all students learn, parents and teachers can have a profound positive effect on the lives of our children.

For more information on resources for parents, download the Parent Toolkit at www.nwea.org >> Member Support >> Downloads >> Manuals.

As always, if you have any questions, please contact your child's teacher or me at 764-8104.

Sincerely,

Loretta J. Clark
Principal
